

LOWERING COSTS FOR DVHCC MEMBERS

Together, BeneCard PBF and DVHCC are providing superior prescription benefit services and savings to its members. With a rich history of serving organized labor, BeneCard PBF and DVHCC understand what is important to clients.

For plans looking to reduce cost, BeneCard PBF offers an alternative to traditional models.

Lowest Net Cost and Transparency

BeneCard PBF clients benefit from a pricing model that offers 100% visibility into how your dollars are being spent for the prescription benefit. The BeneCard PBF pricing model delivers lowest cost through a unique acquisition cost plus structure, coupled with powerful clinical management programs available at no cost.

There are no conflicts of interest between our financials and what is best for our clients. BeneCard PBF operates on an administrative fee only, zero spread model which delivers real savings to our clients.

Highlights of Our Unique Model:

- Actual acquisition cost at mail and specialty pharmacies
- Actual retail network contract pricing
- Rebates at all channels
- Over-performance passed to clients
- Powerful clinical program savings, including high-touch support for all specialty patients to help manage disease states and minimize waste.

Find the solution that is right for your organization, contact us at 1-877-723-6003 or visit www.benecardpbf.com.

BeneCard PBF provides self-funded prescription benefit program administration with a Client First approach. The transparent business model performs on a customized claim processing system offering unlimited capability and flexibility to respond to client needs in an evolving marketplace. The mission of BeneCard PBF is to improve patient health by aligning the mutual interests of payers, pharmacies and providers.
